Notice! Notice! Notice! Notice!

HAVING seen by the *Standard* and SENTINEL of 5th, that the Yarborough House is advertised as the only first class Hotel, we wish to call the attention of the travelling public to two or three facts:

It is well known that the National Hotel is new and was furnished by J. M. Blair, (who gave us this notice extraordinary of the Yarborough House,) regardless of expense, only this past Fall, but it was done when he expected to be the Proprietor and retain this, as he expressed it, for his first class boarders, and send his second class to the Yarborough. The trouble was he had to go there himself.

To do justice to the owners of this property, my customers and myself, I will say that let the public simply give the house a trial, and they will say no neater, cleaner, better kept house can be found in the South or North.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 9th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

CONTAINING ABOUT 440 ACRES.

This land has a fair proportion of wood and cleared land, is fertile, and yields the staple products of this section. To suit purchasers, it may be sold in one or more parcels.

WM. H. BAGLEY,

Tobacco and Cigars.

HAVING PURCHASED THE STOCK AND fixtures of W. A. Mebane, Tobacconist, I propose to continue it in the various departments at the old stand, and would be pleased to see the former patrons of Mr. Mebane together with my friends and acquaintances and I promise to furnish them with the best smoke or chew that can be procured in the City.

I am agent for Mebane's celebrated brand of the Banker's Segar, which beat the world for cheapness and fine flavor and can be procured no where else in the states, than from myself. Mine is the only establishment in North Carolina that you can procure the celebrated brands of Gravely chewing tobacco. Being confined exclusively to the segar and tobacco business, enables me to offer more superior goods and at lower prices than can be had elsewhere in Raleigh, small dealers will find it to their interest to call and examine my stock as I am bent the figures in prices and in a line of goods suitable to the wants of their customers.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, MARCH 29, 1870.

THE ADJOURNMENT.

"Sound the loud timbrel o'er Carolina's dark sea."

Yesterday, exactly at 12 o'clock, M., that body which convened in this city, in special session, on the first day of July, 1868, and has been in session, off and on, nearly ever since, by courtesy called the General Assembly of North Carolina, having done all the mischief that presented itself to their perceptive faculties, adjourned, *sine die*.

It is not our purpose, now, to recapitulate or attempt to *historize* the actions and their results, of this anomalous and notorious body; this is a work of time, but a work we intend to perform before the people are called upon to select their successors.

In looking back, in memory, upon the history of this so-called Legislature, we are unable to call up a single act it has performed worthy the grave and responsible representatives of a people in the peculiar condition that our people were when they took their seats. On the contrary, they have shown, in a thousand ways, their incompetency and want of statesmanship, their utter selfishness, recklessness, extravagance and dishonesty.

Not that there were not among them honest men, and men who understood the wants and appreciated the condition of the people of the State, and who were desirous of meeting the emergency and legislating for the general good, but these were in a helpless minority, and could do nothing more than to raise the warning voice and let the people know how their confidence was betrayed their substance squandered and their credit ruined. In this they have performed a glorious part—they have been bold, watchful and untiring, and to them the people owe a debt of gratitude that will be more and more recognized as the actions of the body and the results of those actions are more and more developed.

But the Legislature has adjourned—the incubus is removed, and the whole State will breathe freer. They may be succeeded by another as bad, but we don't believe it—they could hardly be succeeded by a worse. Tennessee and Florida may be able to sympathise with North Carolina, on account of the similarity of administrations with which all three have been cursed; but no other people, not having passed through the same ordeal, can form a just conception of the magnitude of the curse that has been, and must, in part, continue to be, upon the people of this State, in the shape of that odious monster, a Radical government. A part of it is removed, at least temporarily, by the adjournment of the Legislature; we must grin and bear the remainder until the people can get a chance to hurl them from place and power.

Having preserved well and carefully prepared reports of the proceedings, from the beginning of the first special session of the General Assembly, to the close of the last regular session yesterday, together with reports of Committees, and other documents, we shall make it a point to put the same in condensed and connected form, during the coming Spring and Summer, that the people of the State may form a just estimate of this "blessing in disguise" that they are now forever happily rid of, (unless the Governor should choose to call them togther again to carry out some scheme or plan left without completion.

There is one thing about which we feel some concern, namely, that the failure to prolong the session to 1872, at one time so strongly talked of, will interfere with the completion of Ashworth's mill, but notwithstanding this, we are greatly rejoiced, and so are all the people, that the Legislature has, *at last*, adjourned; and again we say,

"Sound the loud timbrel o'er Carolina's dark sea."

(as Ladin says.)

INDIGNANT.—The people of Pitt county recently held an indignation meeting to express their sense of the wrongs inflicted on the county by their county officials, in the wasteful extravagance and reckless squandering of the public money, of which they have been guilty. The meeting was composed of citizens generally, without regard to party, and it appointed a committee to inquire into county affairs and report to an adjourned meeting on the 2nd of April.

This is all very well if the people can catch the scamps and expose them, but it is our private opinion that, if all the counties take time to ferret out all the rascalities that have been practiced by all the Radical county officials, there will be no crops pitched this season. Not that we would object to smoking them out, but would suggest that where official malfeasance is plain and patent, as it is in most cases, it will be well to finish up the whole job of smoking them out at once, on the first Thursday in August next.

ROBESON COUNTY.—We gather from the *Robesonian*, information of several attempts at murder in and near Lumberton, in addition to those mentioned a few days ago.—These ruffians, it seems, are not ku klux, but only lawless depredators and murderers, who shoot respectable citizens that have been active heretofore in breaking up the gang, therefore they are not looked upon as so great a scourge to the community as to require a proclamation of insurrection, and a company of soldiers to restrain them in their frolicsome humor.

CORRECTION.—In the Address of the Conservative members of the General Assembly to the people of the State, as it appeared in the SENTINEL yesterday morning, some four or five names were inadvertantly left out, and the error was not discovered until the entire edition was printed. They were added however, and appeared in the Address as printed in circular form.

REPORT

Of the Committee to enquire as to the means used to pass an act entitled "an act to amend an act to incorporate the Western North Carolina Railroad Company, ratified the 15th of February, 1855, and of all other acts amendatory thereof."

The Committee appointed by the President of the Senate under the provisions of a resolution ratified the 9th of March, 1870, and entitled Senate resolution of enquiry of a "bill to amend the charter of the Western North Carolina Railroad Company," beg leave to report, that they found the original House bill, and which, it appears from the endorsement, was introduced in the House on the 3rd of April, 1869, but that a figure 9 had been blotted out partially and the figure 8 written over it. Its endorsement also shows that it passed its second and third readings on the *same* day. There is also endorsed on it, "engrossed April 9th, 1869," signed with the initials of Mr. Hort (as is testified by Mr. Hinnant,) who was Engrossing Clerk *pro. tem.*

The title of the bill, as endorsed on the back, is "a bill to amend an act ratified the 29th of January, 1869." That on the inside is "an act to amend an act to incorporate the Western North Carolina Railroad Company, ratified the 15th of February, 1855, and of all acts amendatory thereof" The bill has endorsed upon it Mr. Gatling's name as the introducer. No engrossed bill can be found.

The enrolled bill in the office of the Secretary of State is apparently correct, is signed by the Speaker of the House and by the President *pro tem* of the Senate, (Mr. Winstead,) and bears date April 9th, 1869. On the back is the certificate of Drs. Beall and Murphy on the part of the Senate and of Messrs. Hinnant, Hawkins and White of the House, that it is correctly enrolled.

The *printed* journal of the House shows that a bill was introduced in the House on April 3rd at the morning session, by Mr. Gatling, entitled, "A bill to amend an act ratified the 29th of January 1869," but it also appears from the *printed laws of 1868-'69* that *two* acts were ratified January 29th 1869.

On the *same* day, under the suspension of the rules, this bill so entitled, passed its second and third readings, see pages 536 and 542 House journal.

The Senate journal both printed and manuscript shows that a bill was received in the Senate on the 8th of April *one day before it purports to have been engrossed in the House*, bearing now the title, "Bill explanatory of an act ratified January 29th, 1869."

On the next day, April 9th, the same day of its *supposed* engrossment in the House, it passed its second and third readings in the Senate *without the yeas and nays being recorded on its third reading* or any motion of the rules being suspended to permit it to pass without this formality, see pages 664 and, 665 Senate journal.

In the afternoon session of the same day (9th of April 1869) the journal shows that the President pro tem signed "an act to amend an act to incorporate the Western North Carolina Rail Road Company, ratified 15th February 1855 and of all other acts amendatory thereof;" see Senate journal page 675 676.

Mr. Gatling testifies that the original bill is in his hand writing, he did not prepare the bill and does not know who did, is not certain but thinks Col. Tate brought the bill to his attention, understood it as a party measure to defeat the efforts of Governor Caldwell to get an office on the Road. It was designed to get the bill through the House in such a way as not to *attract attention to its contents by the title. It was introduced, placed on the Calendar, and passed its several readings the same day.* If any money was used to procure its passage it is not known to him, knows nothing of it after its passage in the House.

General Clingman, testifies, that he did not know anything about the bill, when or by whom it was introduced or when passed. In fact he did not know it had been passed or ever been introduced until after the adjournment of the Legislature. If any money was paid to procure its introduction or passage he did not know it.—That he was consulted *confidentially* by one person with reference to some bill *relating to the subject* embraced in *this bill* and that he was *especially requested* to consider the application as a *confidential one* between a client and his attorney, such information as was confided to him in that interview he did not feel at liberty to disclose nor even to mention the name of the applicant.

Dr. Murphy testifies that it is his recollection that he read and examined the bill in connection with some one of the Committee, it did not attract his attention, knew nothing of the bill before it came before him, that it had been agreed on in Committee that if a bill was signed by two of its members the others would sign on their recommendation.

Mr. Hinnant testifies, that he signed the enrolled bill, that some one (does not recollect who,) brought the bill to his seat, insisted that it must be signed so as to have it introduced in the Senate before adjournment, as it was necessary that it be passed before some Railroad meeting took place. That Gov. Caldwell was anxious for its passage, signed it without seeing the original bill, but objected to doing so.

S. McD. Tate, testifies that he thinks *Gen. Littlefield* showed him the bill. That he recommended some slight changes spoke to Dr. Ellis about introducing it. It was thought the bill could be carried through *irregularly* and then said that he would have nothing to do with it, never paid any member of the General Assembly either with money or with money's worth to get it passed, nor ever offered anything either by insinuation or otherwise. No money had been paid with his knowledge to any one for the purpose of passing the bill.

Gen'l. Littlefield testifies, that believing the stockholders had been wronged, he had the bill introduced, believing that the Democrats would vote for it, he had Mr Gatling to introduce it, intended that it should be passed at the close of the session *when bills were passed only by reading the titles.* It was intended to keep the purport of the bill concealed under its title, recommended that it be ratified before the return of Gov. Caldwell, no knowledge of any manipulation of it; no conversation with the engrossing clerk or any one else respecting it, saw the Speaker of the House sign it *in the room of the Capitol keeper*; does not know the hand writing of the House bill, handed the bill to Mr. Gatling to introduce it. Not one word of truth in the report that $11,-000 were paid to secure its passage, never gave a dollar to any one.

Dr. Beall testifies, that he recollected nothing of the passage of the bill, was called from his seat to see a gentleman in the lobby, found Gen. Littlefield, who introduced himself and said he had an enrolled bill which he wished to have examined, was asked by Littlefield whether he was Mr. Tate's friend, made the impression on his mind that the matter was agreeable to Mr. Tate. Did not sign it then. Mr. Tate was in the city, saw him and learned that it was all right, then examined and signed it; the names of all the other members of the Committee were already on the bill, did not see the original bill, did not know anything of the bill before called on to sign the report of the enrolling Committee.

The Committee would state that all the witnesses summoned, appeared before the Committee and readily answered all questions asked them, *except G. W. Swepson*, who first excused himself on the plea of illness and then on the illness of his wife, whom he visited with the promise to report to the Committee *on his return to this city*, which event has not yet, at this time occurred.

The Committee have made frequent, but ineffectual attempts to find the original journal of the House of the sessions of 1868-'69, they have therefore not been able to compare the printed copy with it.

Respectfully submitted,

G. WM. WELKER, Chairman.

The Chairman of this Committee would state that his associates on the Committee returned home before this report could be offered, have not seen it, but authorized the Chairman to report.

The above report was made to the Senate by the Chairman on Saturday last, was read but no further action was taken.

CITY AND STATE ITEMS.

TUESDAY, MARCH 29, 1870.

☞ THOS. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

A Telegraphic dispatch from Richmond, yesterday, stated that Gen. R. E. Lee would leave Richmond yesterday for Raleigh, and probably before this paper is received by our city subscribers, he will have arrived.

RUDINI.—The exhibition of this Wizard and dealer in magic and illusion, was attended by a crowd last night, and all were well pleased. As will be seen by his card, he will give a matinee performance to day at 2 o'clock, at which the children will *all* get presents, and also to night at 8 o'clock, when grown folks will take the chances for prizes also.

BRIGNOLI AND MISS MCCULLOCH.—The sale of seats yesterday show that our citizens intend to avail themselves of the rare opportunity of the visit of the Brignoli and McCulloch Opera Troupe to hear some fine music. Those wishing to procure seats will do well to attend to it early to-day, as most of the choice seats are already taken and no doubt all the seats of the parquette will be before to morrow.

FRUIT.—From our exchanges in various parts of the State, we learn that, notwithstanding the severe cold spells we have had since the swelling of the buds on the fruit trees, and the consequent fears of a complete failure, there will be a good crop of fruit this summer, unless some future misfortune shall cut it off.

ASTI KU KLUX.—A negro preacher by the name of Locust, in Tarboro', is in the habit of whipping his idiotic son, aged about 12 years, most unmercifully; inflicting as many as two hundred stripes upon him at one thrashing. The *Carolinian* from which we get this, says, "this negro preacher is a loyal leaguer in good standing," and asks the interference of the authorities to put a stop to his unnatural barbarity.

MORE ROBBERY.—The smoke houses of Mr. Gayle and of Mr. Lawrence in West Ward, were broken into on Saturday night last; from the first the negroes got nothing, as the family did not keep provisions in the smoke house; from the latter they got some flour and a few other articles. On the same night the room of a colored man in the same neighborhood, was broken into and a bed quilt stolen.

A colored laborer from the Chatham Railroad, whose foot made tracks like those found about the places of depredation, was arrested, and examined before the Mayor yesterday morning. We have not heard the result.

THE TECHNOLOGIST, is the title of a new monthly publication, devoted especially to Engineering, Manufacturing and Building, price $2 a year, published by the Industrial Publication Company, 176, Broadway, N.Y. We cheerfully recommend it to all persons interested in any of the pursuits indicated above, as a publication replete with useful information, and containing the latest discoveries in the Mechanic arts.

CONUNDRUM.—What bonds are never below par with the Governor?

Give it up? Vaga bonds.

We are indebted for the above to Big Tom, who claims no especial copy-right, as he says the *fact* had been discovered before never thought of putting it in shape of a conundrum.

NEW DEPOT.—Arrangements are being made, says the Wilmington *Star*, for the building of a new depot, at an early day, which shall serve as a general passenger depot for the three roads connecting at that point.

WHEAT PROSPECTS.—The Statesville *American* speaks of the prospects of the wheat crop in that section of the State as very encouraging. We have equally good reports from other wheat growing counties.

KENTUCKY'S LATENT AND BEST.—What ever emanates from this old commonwealth we are wont to look upon as the real "Simon pure" and genuine article of the class represented. In fact, we may say with emphasis, that Kentucky is not a healthy soil for the growth of humbugs. The best thing now offered to our citizens from this State is the "GREAT HENDERSON CO. PRIZE SCHEME," and we believe they will show their wisdom by investing freely in tickets. Read the Advertisement found in another column of our paper closely, and investigate the whole *thoroughly*, and learn how completely the facts bear out the statement.*

WHO IS GENERAL JORDAN.—Gen. Thomas Jordan, late of the Confederate Army, and at present at the head of the Liberating Army in Cuba, is a North Carolinian by birth. He is the son of Judge Dillon Jordan of Florida, who, some years ago, removed from Fayetteville, N. C., where Gen Jordan was born.—*Exchange*

A MAN SHOOTS HIS WIFE.—Yesterday, about noon, James Shirley, a negro living on Mr. William Burnett's place, a mile from town, shot and instantly killed his wife. The circumstances were briefly the following: Jim got into a dispute at dinner with a negro man in his employ, and finally went into the house to get his gun, when his wife shut the door to prevent his going out to kill the negro Henry. It appears that Shirleys wife had hold of the gun at one time, but just previous to the firing *Jim* was heard to say, "if you don't let me out I'll shoot you," and almost instantly the gun went off, the whole load entering under the right jaw, producing immediate death.

Shirley was apprehended and committed to await the action of a Coron r's jury.—*Tarboro Carolinian.*

An Irishman recently soliloquized: what a waste o' money to be buying meat when ye know the half of it is bone, while ye can spend it for rum that hasn't a bone in it."

OPINION OF THE SUPREME COURT, DELIVERED AT LAST TERM, IN REGARD TO THE JURISDICTION OF COURTS OF PROBATE OVER ACTIONS TO SETTLE ESTATES &c.

We publish the following opinion at the request of a member of the Bar in a distant part of the State, who thinks it will be generally interesting.

RODMAN, J. On July 24th, 1869, the plaintiff issued a summons returnable at the regular term of the Superior Court of Granville, and filed his complaint, in which he alleged, in substance, that the defendant, Sarah, was the executrix of one Bullock, and had intermarried with the other defendant; that the plaintiff was both a creditor and legatee of the testator; and that defendants were wasting the estate; and demanded judgment that the defendants account, and pay his debt and legacy, and that in the meanwhile they be enjoined, &c., and a receiver be appointed. The defendants put in an answer, and the Judge continued an injunction which he had previously granted; from which the defendants appealed.

It is contended that the Court had no jurisdiction of the case, because original jurisdiction of all proceedings necessary for the settlement of the estate of a deceased person, is, by law, vested exclusively in the Probate Judge. Section 17, Art. IV, of the Constitution gives to the Clerks of the Superior Courts jurisdiction of "the granting of letters testamentary and of administration," and "to audit the accounts of executors, administrators and guardians, and of such other matters as shall be prescribed by law." The words of this grant of jurisdiction are somewhat general and indefinite, and it was intended to leave to the General Assembly, by proper enactments, to define the jurisdiction with precision, and to prescribe the mode in which the power should be exercised. The General Assembly undertook to do, partly by the Code of Civil Procedure, Title XIX chapters III to IX, and more especially by the act of 1868 9, chapter 113, ratified April 6th, 1869.

Without referring to the particular sections of this act, by which remedies are given to creditors and legatees, and proceedings provided by which a due administration by an executor or administrator may be enforced, it will be sufficient to say that it seems evident to us that the intent of the act was to give to the Clerks of the Superior Courts original jurisdiction of all proceedings for the settlement of the estates of deceased persons. Without saying that the General Assembly might not, consistently with the constitution, have given to the Judges of the Superior Courts some concurrent original jurisdiction of proceedings for the settlement of estates, we think their intention was to give that jurisdiction exclusively to the clerks, except (as will be presently explained) when the remedy by injunction may become necessary as a provisional one in the course of a proceeding.

In every case in which the Court of Probate (the Clerk of the Superior Court) can give an adequate remedy, the party seeking it must apply to that Court. There may be cases in which that Court can not give an adequate remedy, for example, it may in the course of the proceedings become necessary, in order to protect the rights of one party or the other, to have an injunction, which the clerk can not order. In that case the party needing it must of necessity apply to a Judge of a Superior Court; but such an application would not oust the jurisdiction of the Court of Probate. The order for an injunction is a provisional remedy and must necessarily be incidental to the main cause, which would still remain in its original form; the motion for the injunction before the Judge would not remove the original cause of action before him, and the order for the injunction would be merely subsidiary to the judgment to be rendered in the original proceeding.

It is true the Clerk would have no power to modify or vacate such an injunction, but application could be made to the Judge at any time to do so, whenever its propriety became apparent through the proceedings or judgments in the probate Court. There may be other *orders* besides that for an injunction, for which it may be necessary to apply to a Judge of a Superior Court, though no other occurs to me at present. But in all such cases the order is made in the original proceeding, and is a part of the record in that proceeding. In case of another appeal from the order of the Judge, so much only of the case comes up as is necessary for a decision upon that order; the original proceeding remains in the Court of Probate, and any action may be taken therein in the meantime, not inconsistent with the orders of the Judge and with the law. Consequently all returns upon the order of the Judge must be made to the Court of Probate, and if any further order be needed from the Judge, application must be made by motion in the original cause.

In every attempt to introduce a new system of procedure by statute, much must necessarily be left not distinctly provided for, and the Courts are obliged gradually to fill up the details of the system conformably to the general legislative intention. In attempting to do so, the *argumentum ab inconvenienti* avails much. By any other course than that which we have indicated as the proper one in this case, the inconvenience could scarcely be avoided of having parts of the same settlement pending in two different Courts, and in two entirely separate proceedings, at the same time, in which neither Court could join more than a partial remedy; or if the Judge of the Superior Court should undertake to give a full remedy as it was done by the former Courts of equity, it could only do so by totally depriving the Probate Court in the particular case of the jurisdiction expressly given it by statute, and defeating much of the lawful action of that Court. In connection with this subject, we take occasion to suggest to the Judges of the Superior Courts the propriety of the greatest liberality in allowing parties to amend their proceedings.

Our opinion on this question renders it unnecessary to express any opinion on the others which were debated by counsel.—The present proceedings being *coram non judice*, should have been dismissed.

PER CURIAM.—Judgment reversed, and complaint dismissed.

CARD.
SOUTHERN LIFE INSURANCE CO.
TO THE PEOPLE OF NORTH CAROLINA:

AT the request of General Just B Gordon, President Atlanta Department, I have come to your State to bring prominently before you the claims and merits of the Southern Life Insurance Company. It is under the control of as honorable and as responsible men as there are in the land. It is managed in the most prudent and economical manner and will deal justly and fairly with all.

We have no war to make upon other Insurance Companies, but we do wish to impress upon the people the importance of *keeping their money at home.* By careful calculation it is estimated that a sum of not less than *twelve millions (annually)* is sent from the South to the North for Life Insurance and unless checked will surely prove suicidal to our interests. We ask you to consider how greatly the material interest of this section would be benefitted by the retention of these enormous sums in our midst.

We send no money away to enrich foreign capitalists but every dollar of premium (less expenses) is INVESTED IN THE STATE FROM WHICH IT IS RECEIVED.

This department of the Company has operated both in Georgia and South Carolina, and has done an unprecedentedly large business. Some of the most prominent gentlemen in these States are identified with its interest. Its Board of Directors embrace the names of the ablest financiers, and most successful business men in the South. They are the Trustees of the sacred fund of the widow and orphan. Will you not trust your friends and neighbors; or is it more secure in the hands of strangers? We appeal to you to assist us in pushing forward this deservedly popular and reliable Southern corporation. Its solvency is unsurpassed by any Company doing business in the United States, its ratio of assets to liabilities *the only true test of a Company's strength,* fully sustaining this statement.—We would respectfully call attention to the Board of Directors and Stockholders, published in another column, and to our Board of Reference in this State and others.
J. H. MILLER,

A NEW DISCOVERY!!
PHALON'S
"VITALIA;"
OR,
Salvation for the Hair.
CLEAR AS WATER!
WITHOUT SEDIMENT!!!
OPEN TO THE LIGHT!!!
For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

Do not Insure Your Life
UNTIL YOU ASCERTAIN FROM
P. F. PESCUD,
General Agent for North Carolina,
WHY THE
National Life Insurance Company,
OF THE
UNITED STATES OF AMERICA
can, and does issue a larger Policy for less money than any other Company, represented in North Carolina
The National was organized in August 1868. She has issued nearly
10,000 POLICIES,
HAS A CASH CAPITAL OF
$1,000,000,
which was all paid in before a Policy was issued and which has already increased, fifty per cent. All the losses reported to 1st Jan'y last amounted to but $40 000 and as a further evidence of the great care observed in the selection of risks, 70 applications amounting to nearly 40 000,00 were rejected last year. Therefore a solid basis and inducements that none but Stock Companies can afford, is enjoyed by all who prefer the National to Mutual or mixed Companies.
ALL LIABILITY FOR LOSSES IS AVOIDED.
Every man who has a family, should try to create an Estate for their support, when he is taken from them by death—and a very small annuity spent for a Policy secures a larger amount of Cash Assets, and is far more certain, than the same amount will secure in any other investment, and a more tender expression of love and responsibility could not in any other way be more beautifully expressed.

The Georgia Mutual
IS A HOME COMPANY.

Owned and conducted by Southern men. It employs its funds at home for the benefit of Southern enterprises.
IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of LIFE INSURANCE, presenting advantages not offered by any other Company, to-wit: the following points.
1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.
2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.
3d. Policies Non-forfeiting after the first payment.
4th. Policies indisputable from any cause save fraud.
5th. No restrictions of Residence, Travel or occupation.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. DR. E. BURKE HAYWOOD, Examining Physician.
Gen'l. S. B. BUCKNER, Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

DE SOTO MUTUAL LIFE INSURANCE
COMPANY,
OF ST. LOUIS, MISSOURI.
JAMES P. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150,000.00!
Stockholders bound for Double the Amount of Stock!
$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.
THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.
The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of, whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.
The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."
Policies issued on all the popular plans and all Non-Forfeiting.
Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

Pianos for Sale! Pianos for Sale.

MR. WILLIAM H. VAUGHAN, WELL known in our community as a Musician and Piano Tuner, is now appointed Agent for those splendid, Seven Octave, fine Rose Wood Pianos, built by C. M. Tremaine & Bro. These Pianos will be warranted for six years, and Mr. Vaughan is here ready to keep the instrument in perfect tune, if it should need it. He has at this time one of the Pianos at his residence, on Cabarrus street, a little East of the N. C. R. R. Depot and would be glad to show it to any one who will call to see it.
These instruments took the premium at the Virginia State Fair, and without doubt are the best and cheapest instruments in the North or South.
Old Pianos taken in exchange for new ones, at a fair price. As I am confident that I can sell cheaper than anybody else, I beg of my own people in the State to give me a call before purchasing elsewhere.
Piano tuning and Repairing done at shortest notice. Can make an old Piano as good almost as new, for a very low sum.
Address,
W. H. VAUGHAN,
may 9-tf Box 240 Raleigh.

IT WILL BE REMEMBERED THAT THE Messrs. Tr maine Bro's. took the first premium at the Virginia State Fair on their celebrated Pianos. These gentlemen fully understand their business, being thorough musicians themselves. Call at the store of E. VIA, 26, Fayetteville street and examine one of the Pianos they have ever made.
